RE: Settlement of U.S. vs. Microsoft

Dear Ms. Heese:

I have always been a strong believer in the free enterprise system. It is what built this country from the beginning and is responsible for making us the economic giant of the world.

This case has cost taxpayers over thirty million dollars and it is high time that it come to an end. Microsoft's competitors need to return to competing in the marketplace. When they do, the consumer wins and the free enterprise system works.

The last thing the technology sector needs is more lawyers and governmental intervention. Please accept this letter as complete support of the settlement and request that this case come to an end.

Thank you.

Sincerely,

Deano Thornton
Mayor
